2022 Nevada Afterschool & OST Programs Survey Results

In 2022, the Nevada Afterschool Network (NAN) conducted a survey of existing OST programs throughout the state to learn more about what is available for the 486,682 youth aged 5-17 currently living in the state. In the state of Nevada, there were 577 programs identified, and 305 completed the survey to provide information about their capacity, services, operating schedules, and funding sources. The data from the survey are presented for the state as well as for Clark County to determine the available resources and needs in each community.

In Nevada: 305 OST Programs completed the survey
In Clark County: 230 OST Programs completed the survey
