

NEVADA FLIGHT CREW **3 YEARS** OF IMPACT & INSPIRATION

ABOUT THE PROGRAM

The Nevada Flight Crew is a youth ambassador program that empowers students ages 12-16 to be bold leaders and champions for STEM in out-of-school time. Members rise to the challenge by leading STEM activities, speaking at events, and representing youth voices beyond the classroom. They gain leadership, teamwork, advocacy, and public speaking skills, real-world STEM exposure, and connections with mentors and professionals. Together, they inspire peers, break down stereotypes, and spark curiosity in STEM across Nevada.

3 COHORTS since 2023 launch

20 FLIGHT CREW members

50+ STEM PROFESSIONALS engaged

300+ YOUTH inspired

6 STATE & FEDERAL REPRESENTATIVES engaged

35+ STEM & ADVOCACY event engagements

My experience was beyond exhilarating. I loved meeting new people every month and the amazing opportunities the program gave me. -2024 Flight Crew Member

BUILDING LEADERS OF TOMORROW

Flight Crew members embark on a year-long journey of growth, leadership, and STEM exploration, but their journey doesn't stop there. As alumni, they continue to soar, staying connected to the Flight Crew community while inspiring and shaping the future of STEM.

Mentorship from industry professionals

Hands on STEM experiences

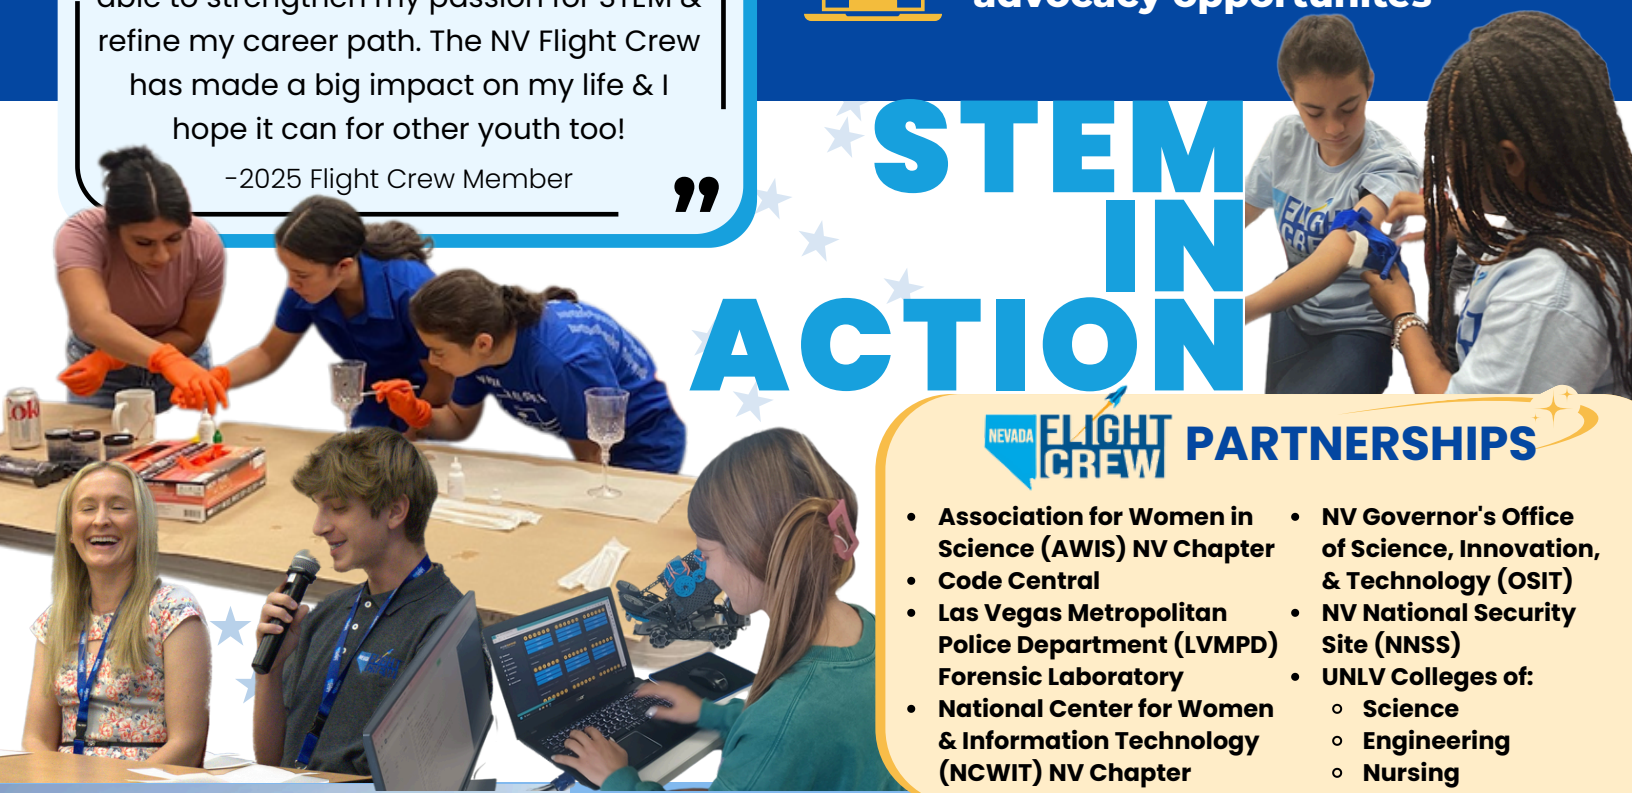

A space where youth voices lead the way

Leadership trainings & advocacy opportunities

“ Through my mentorship experience, I was able to strengthen my passion for STEM & refine my career path. The NV Flight Crew has made a big impact on my life & I hope it can for other youth too!
-2025 Flight Crew Member ”

MENTORSHIP IN MOTION

“ I became a STEM mentor to give back to the community that supported me & to be the resource I wish I had as a teenager. I love sharing my passion, inspiring curiosity, & showing students how STEM truly shapes the world around them.
-Flight Crew Mentor ”
