

Afterschool in Nevada

Programs in Demand, But Out of Reach for Many

Demand for programs is enormous.

In Nevada, the demand for afterschool programs is incredibly high. But just a fraction of Nevada families who want afterschool programs have them.

Parents value the benefits afterschool programs provide for young people—keeping them safe, helping them build life skills, and getting them excited about learning—and say afterschool programs help parents keep their jobs and provide peace of mind.

About the Survey

America After 3PM is a national online survey of parents or guardians of school-aged children, with supplemental interviews conducted by telephone. Data were collected by Edge Research on behalf of the Afterschool Alliance. In Nevada, 415 households and 685 children were screened for this study. Child-level statewide projections are based on total school enrollment numbers for the 2021-2022 school year from the U.S. Department of Education, National Center for Education Statistics.

America After 3PM was made possible through our partnership with the New York Life Foundation.
